Spring Unfolds in Beauty at Morgan Oaks Green Burial

As the vibrant tapestry of spring unfolds, we are delighted to share with you the breathtaking transformation happening at Morgan Oaks Green Burial. Our commitment to preserving natural beauty and fostering a serene resting place harmoniously blends with the season's renewal, offering a sanctuary not only for our loved ones but for local wildlife and flora.

Spring at Morgan Oaks is a visual symphony of color. The wildflowers are in full bloom, splashing the landscape with their natural beauty. These blossoms not only enhance the serene beauty of our grounds but also support local pollinators such as bees and butterflies in their vital roles within the ecosystem.

The native trees — oaks, willows and cottonwoods — are bursting with new leaves, creating a lush canopy that offers shade and solace to visitors and habitat to the birds.

As you stroll through our paths, you'll hear the cheerful calls of cardinals and the gentle rustling of squirrels amidst the branches, adding a soothing soundtrack to the peaceful scenery.

We invite you to visit Morgan Oaks this season to witness this marvelous spring awakening. Whether you are considering a green burial or simply wish to enjoy a quiet moment in nature, the gates are open for you to find peace and rejuvenation among the blossoming beauty.

Thank you for being a part of our community. We look forward to welcoming you soon and sharing the tranquil splendor of Morgan Oaks Green Burial.

Community News

We'd like to thank everyone that came out for our Spring Bloom event, on May 2nd. It was a great turnout and it looked like everyone was having a great time.

Thank you to our wonderful vendors, Colby Barrett Photography, Rancho Roble Vineyard, Sweet Tooth Ice Cream, Knee Deep Brewing, Buckethead BBQ, Corazon Tacos, and of course, Tru Taboo for performing and entertaining us all.

This month, we are filled with excitement as we celebrate our incredible mothers and valiant veterans. In a heartfelt tribute to these special individuals, we are pleased to offer fresh flowers that you can use to honor their significance.

We invite you to stop by our office to pick up these flowers on dedicated days and time this month. Please find additional details and instructions below.

Animal Spotlight

This month's animal spotlight is on the Red Winged Black Bird.

The Red-winged Blackbird (*Agelaius phoeniceus*) is native to California, including areas like Lincoln, CA. These birds are commonly found across North America and are abundant residents in California's varied habitats, especially in wetlands and open areas with water sources such as ponds or rivers.

Look for this amazing creature the next time you visit us.

May 2024

Staff Profile Highlights

Omar Rangel

Omar, Lead Services Steward, has been with Morgan Oaks since 2020. He has over 10 years of industry experience.

Omar's duties include:

- Compassionately supervises burial services, graveside and cemetery services in accordance with family's wishes, company expectations, and State rules and regulations
- Cares for deceased in a respectful manner
- Greets next of kin and escorts to burial space and follow-on services such as celebration of life
- Presides as master of ceremonies for visitation or graveside services
- Provides all stewards with proper equipment and guidance
- Oversees all graveside services, celebrations of life, and other events
- Assists the Lead Habitat Steward with preserve care and maintenance as required and when services are not a priority

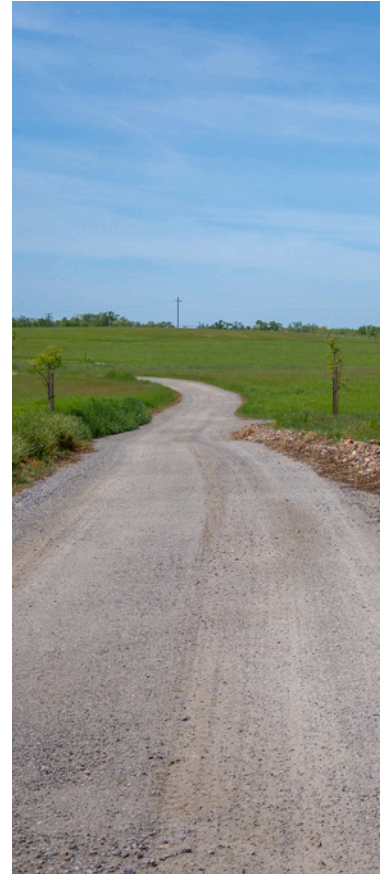

Jake Schuster

Jake, Lead Habitat Steward, has been with Morgan Oaks for a year and a half.

Jake's duties include:

- Manages the habitat provided at the cemetery
- Performs all preserve upkeep and maintenance on the property, and maintains the overall appearance of the facility
- Mows Savannah grass, prunes oaks and riparian trees, manages invasives, plants trees and shrubs
- Operates various preserve equipment to carryout maintenance tasks and habitat fulfillment
- Repairs road/trail system to ensure safe passage
- Perform preventative maintenance and repairs
- Removes all debris and trash from the preserve
- Participates on teams for openings and closings of interments and inurnments. May perform disinterment.
- Determines the location and layout of individual graves complying with verification procedures

Journey of Life

At Morgan Oaks Green Burial, we honor the journey of life in its entirety—from the first breath to the last, and beyond. Here, amidst the serene beauty of nature, we offer a final resting place that returns to the earth, allowing life's cycle to continue in the most natural and respectful way.

We invite you to learn more about the green burial process and how it can be a beautiful, dignified, and ecological way to say farewell. At Morgan Oaks Green Burial, we walk this path with you, honoring the cycle of life with care and respect.

Spring Bloom!

WINNER

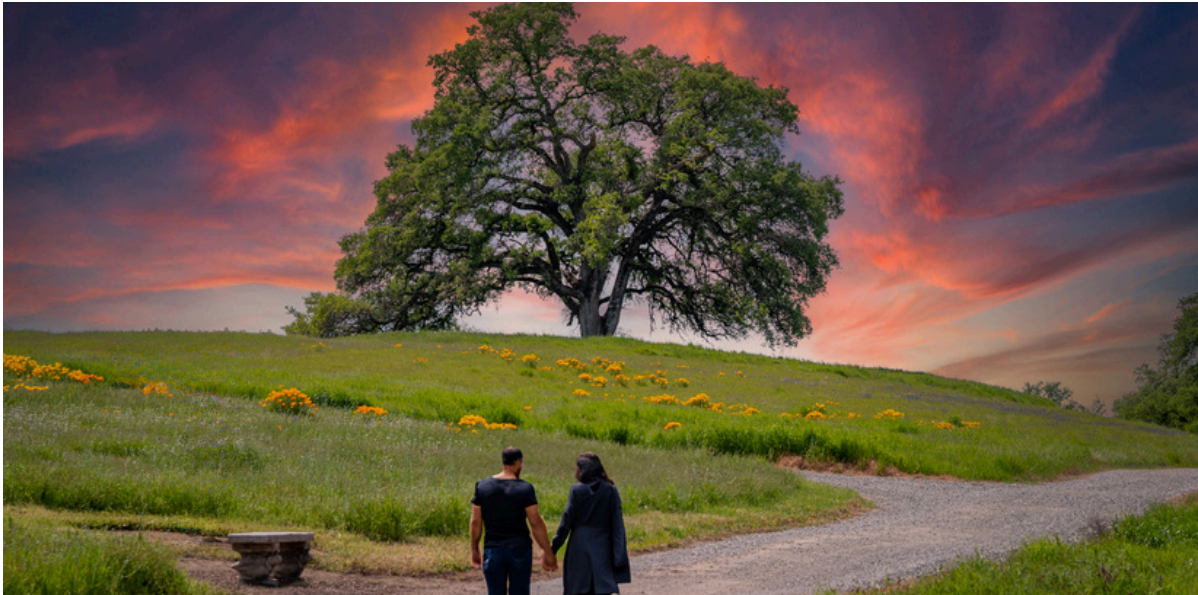

Congratulations To Our Raffle Winner - Karen Whitham

We want to congratulate our raffle basket winner, **Karen Whitham**.

We will be reaching out soon, to coordinate with pickup of your prize basket.

Choosing Morgan Oaks Green Burial, For Your Loved Ones Green Burial Can Be a Deeply Meaningful Decision

Choosing Morgan Oaks Green Burial in Lincoln, CA, for a burial is particularly resonant for those who hold deep respect for nature and environmental sustainability. This green burial ground appeals to eco-conscious individuals by offering an alternative that aligns with the principles of conservation and natural beauty. By forgoing traditional embalming fluids, metal caskets, and concrete vaults, Morgan Oaks ensures that each burial contributes to the preservation rather than the depletion of natural resources. The grounds are meticulously maintained to enhance the native ecosystem, providing a habitat for local wildlife and allowing the natural decomposition process to return nutrients directly to the earth.

Additionally, Morgan Oaks serves as a serene sanctuary where families can come to mourn and celebrate the lives of their loved ones in a setting that mirrors the cycles of nature. Opting for a burial here allows individuals to leave a lasting legacy that reflects their ethical values, demonstrating a commitment to environmental stewardship even in death. The tranquil landscape of Morgan Oaks not only provides a place of rest for the departed but also offers a contemplative space for visitors, who can find comfort in the knowledge that the natural burial process supports the ongoing health of the planet. This connection to a larger purpose can be profoundly comforting to those who are grieving, making Morgan Oaks an ideal choice for a final resting place that honors life by supporting the natural world.
